

Mike & Amelia Ward

John & Tucker Ward

a Ward family tradition for 65 years

Kim Ward

Chris Ward

Thank you for taking the time to understand a little more about whom we are and what we do at War Eagle Boats. We are a family of sportsmen that have been building and using products in the marine industry for over 65 years. We have an intense understanding of how and where our boats are used, what they are used for and what it takes to bring you home safely. Whether you are after a limit or another great memory, we are here to assist you in your choice and service of a War Eagle boat.

The versatility of our company and products are unmatched. The numerous models we offer, paired with the many different options we have available; allow you to build the boat of your dreams. War Eagle's boats are truly multi-functional; thereby giving you a boat for all seasons and just for the right reasons.

Giving back has also been a Ward family tradition and we are now entering our thirteenth year in partnering with Ducks Unlimited. We believe in helping to put back for future generations, so they might enjoy the great outdoors as much as our fathers and we have. St. Jude Children's Hospital is another effort that War Eagle puts resources behind because of their dedication and work to find a cure for children's catastrophic illnesses.

We believe that War Eagle's boats are more functional than ever before. If you've never had the opportunity to experience a War Eagle boat on the water, take one for a ride and then you'll know why War Eagle's boats have the highest resale value and the highest number of repeat customers.

*See you on the water,
The Wards*

Quality *Durable* functional *innovative*
